REMARKS

Claims 1-8 are pending. Claim 1 was previously withdrawn as being directed to non-elected subject matter. The drawings were objected to. Claim 2 was objected to due to informalities. Claims 2-8 were deemed allowable upon the correction of informalities in claim 2.

Claim 1 has now been cancelled. Claim 2 has now been amended to correct informalities. The specification and drawings have now been amended. Reconsideration of the application is respectfully requested.

Objection to the Claims

Claim 2 was objected to due to informalities. Claim 2 has now been amended to recite "a first conductive metal layer" and "a second conductive metal layer" as suggested by the Examiner. Applicant thanks the Examiner for pointing out these problems.

Reconsideration and withdrawal of the objection to claim 2 is respectfully requested.

Objections to the Drawings

The drawings were objected to because there was no figure showing the third insulating layer deposited on the laminate with subsequent renewed planar etching as recited in claim 2. Figure 5 has now been replaced with new Figures 5A, 5B and 5C submitted herewith for the Examiner's consideration. Figures 5A, 5B and 5C show the third insulating layer deposited on the laminate with subsequent renewed planar etching as recited in claim 2, and described in the specification at the paragraph beginning on page 6, line 6, which has been amended for agreement with new Figures 5A, 5B and 5C. Replacement Figure 6 is also submitted herewith for the Examiner's consideration. Replacement Figure 6 includes reference character 10, indicating the third insulating layer, for agreement with Figure 5C.

Reconsideration and withdrawal of the objection to the drawings is respectfully requested.

CONCLUSION

It is respectfully submitted that the application is now in condition for allowance.
